Model 101 SC3300 Reel

Tools and Materials Needed

- 1. Scissors or Knife (to cut the zip tie)
- 2. 7/16" (11 mm) Socket Wrench

Instructions

- 1. Place the reel on a flat surface.
- 2. Before removing the zip tie from the handle, note the order of the washers—this is the order that they need to be installed in.
- 3. Cut the zip tie holding the washers.
- 4. Place the two largest washers, with the black Delrin spacer in between, over the reel axle.
- 5. Place the handle assembly onto the axle.
- 6. Put the remaining two washers onto the screw. The lock washer first.
- 7. Using the socket wrench, install the screw and tighten to hold the handle assembly in place.
